2026-27 Strategic Plan Diversity and Inclusion Recruitment

The Absecon Police Department is an Equal Opportunity Employer (EOE)

INTRODUCTION

In 2022, the Absecon Police Department created a recruitment unit, comprised of several officers of varying ranks and backgrounds. Our department has been working to identify candidates who not only meet medical, psychological and background requirements, but who also represent the City of Absecon and its community as a whole. The recruitment unit was updated in 2025, to include newer officers who can appeal to a younger candidate pool.

The Absecon Police Department strives to address any underrepresented groups. In order to do so, the Absecon Police Department has developed specific goals and focus areas centered on improving community representation within the department makeup. The Absecon Police Department is an Equal Opportunity Employer (EOE).

MISSION

The Absecon Police Department is committed to identifying, hiring, and retaining qualified applicants, representative of the demographics of the City of Absecon. The ideal candidates will have the desire and skillset, along with the mental and physical stamina necessary to successfully complete pre-employment assessments, and training at a NJ Police Training Center, if appropriate. The successful applicants will then complete a hands-on, supervised Field Training Program. These officers will become community leaders, eager and willing to provide and improve the quality of life for the citizens we serve.

The Absecon Police Department seeks potential officers from one of two applicant pools:

- 1. Police Training Commission Candidates (Applicants who already possess a police officer certification).**
- 2. Non-PTC certified candidates (Applicants who would need to be sponsored through a PTC certified police academy.)**

In 2024, the Absecon Police Department moved away from advertising open sworn positions to only PTC certified candidates, to allowing non-certified candidates to join the organization and attend a police academy to obtain their certification. Through this, in 2025 the Absecon Police Department hired seven non-certified applicants to attend the police academy. Out of those seven, two represented minority groups. Six out of the seven officers hired and sent to the police academy, will be involved in community policing practices to engage with various members of the public. This will include being a representative for a section in the City of Absecon through the Neighborhood Watch Program, as well as a contact point for non-emergency matters for various apartment and residential complexes throughout the jurisdiction. This in turn, will assist in developing relationships with different groups of residents to create collaboration and interest in joining the Absecon Police Department.

The Absecon Police Department has utilized the following police academies to train and certify our officers:

The Absecon Police Department does not charge an additional application fee on top of the Policeapp processing fees, thus avoiding deterring applicants due to excessive fees.
